Sodexo wins prestigious Carpet Right Plc contract

Sodexo (previously Sodexho), a leading food and facilities management service provider, has secured a prestigious three-year contract with Carpet Right Plc in Purfleet, Essex, at a brand new building set to be the single largest carpet warehouse in the world.

The substantial contract, which began in December, will employ 12 Sodexo staff over the next three years.

In addition to serving 200 meals a day, Sodexo will provide other soft services for the 250 site based Carpet Right staff, including cleaning, land technology and the management of the gym.

"The advice Sodexo had given Carpet Right Plc on their existing facilities led them to approach us when they secured these new premises", said Allister Richards, director, Sodexo Corporate Services, London. "They were looking for a company that could set the benchmark for quality of services and we are delighted they have selected us to partner them in this endeavour."
