

About Sodexo

To build quality of life, Sodexo designs and implements a multi-national services offer planned and adapted to meet the needs of our clients and customers. A leader in our markets, today Sodexo is internationally recognised for high quality services, efficient organisation and commitment to corporate citizenship. How do we achieve this? Through our expertise, innovation, creativity, cohesiveness and the motivation of our teams. With operations in 80 countries comprising 80% of the world's population. Sodexo's 380,000 employees engage their cultural diversity and global expertise to serve the same Sodexo vision: **"To become the premier global outsourcing expert in quality of life services."**

Sodexo today: designs, manages and delivers comprehensive service solutions - creating value with 'Quality of Life' services

Sodexo leads the way in creating added value by integrating the management and delivery of a widening range of services. With our multi-national scope, Sodexo designs and implements customised solutions to create sustainable value for our clients worldwide. Our teams, focused on the needs of customers, combine a service spirit with high standards of quality, safety and health, and environmental protection to improve the quality of life for customers.

Sodexo has an unrivalled reputation for building lasting partnerships with clients through open, transparent relationships based on trust and exceptional performance.

In the UK, our 1,000 people are striving to improve the quality of life at more than 50 client locations, the majority of which are offshore.

Multi-skilled crews give us the flexibility to meet your service requirements.

Why Sodexo?

Improve Your Cash Flow & Administration

Achieve reduced internal administration costs by using Sodexo as the sole contractor for your business.

Enhance Your Financial Flexibility

Achieve financial flexibility and cash flow management by using Sodexo as the sole contractor on site.

Minimise Your Risk

Sodexo could take full responsibility for all services, transferring the risk of even the most complex support requirements.

Focus on Your Core Business

With Sodexo managing your support services, you would be free to focus on your core business.

Achieve Cost Effective Service Delivery

A multi-skilled crew would be deployed to ensure cost effective service delivery.

Access Cost Benefits

Employing a consolidated management fee across a 'bundle' of service lines would further reduce administration costs.

Health and Safety is Critical

HSE is key, and one of our highest priorities - supported by robust policies and procedures.

Improve Your Profitability

Sodexo can access effective volume purchasing which would allow you to operate at increased profitability.

Focus on Performance Standards and Customer Satisfaction

Proven and credible experience in performance measurement systems allows us to track contract and customer satisfaction.

Well Track

Reward your workforce for staying in shape - physically and mentally, at work and at home - through our incentivised wellness programme called Well Track.
